

Hi - I'm kind of a Big Deal

* Plus ink & delivery

FROM £5995*

Large Format - Small Price Tag!

The **Mimaki CJV30-60** shares the same impressive production features as its bigger brothers, coupling a compact footprint with an amazingly creative capability. The 60cm wide printer / cutter is ideal for producing stickers, labels, garment decoration, long banners, A1 posters, premium metallic decals, window graphics, canvas prints, point of sale, vehicle graphics, cut vinyl signage and many other applications.

Advantages

- Prints up to 15 square meters per hour
- Cuts up to 45 square cm per sec
- Comes complete with floor stand
- Take up roller fitted as standard
- Cutting width of 610mm
- Includes production level software
- Supports a 25Kg roll

and much much more....

Faster, with better specifications and more creative than it's competitors; the **Mimaki CJV30-60** is best in class - and the best business in a box you can buy. Supplied with Mimaki RasterLink Pro RIP software, FineCut cutting plugin (for Mac and PC) and Simple Studio design software, it's easy to use and delivers a high quality result thanks to its latest generation print heads, vibrant inks and peerless cutting capabilities.

A full set of ink is just £395.00 (over 3.5 litres) and delivery in Mainland UK is £250.00.

With TheMagicTouch great summer offer, a **Mimaki CJV30-60** has never been more affordable, offers even better value for money and delivers the ultimate printer / cutter solution. Promotional offer ends 28th September 2012.
